2603 ELM HILL PIKE, SUITE P NASHVILLE, TN 37214
PHONE 800-433-2278 FAX 800-433-2278

Dear Customers,

Thanks for so many compliments on the quality of our designs and paper! Originality, vitality and a strong use of color are attributes we insist upon when we commission professional artists to design for us. We are also very selective about the paper we use, choosing only recycled grades we know will produce excellent desktop and offset results.

By now you've probably heard that U.S. paper costs have risen over 48%. We're doing everything we can to contain costs without sacrificing quality – from buying in large volume to streamlining production. We have raised some prices, but we've also lowered prices where we can. By printing our catalog on lighter weight paper, we've reduced postage and catalog costs. If we are sending you more catalogs than you use, please let us know and we'll trim back there also.

Our Coated Brochures continue to set industry standards for excellence. Their colors are brighter and they give a lot more detail in graphics and text. (See page 14.)

Many of our products can make your job easier and more fun, like our new Idea Smart Computer Templates on page 12. They are a great tool for faster, professional-looking layouts. And you can illustrate your point using our new Art Smarts Computer Clip Art on page 13.

Remember, we stand behind our products and will cheerfully issue a refund, replacement or credit if you are not satisfied with your purchase! Thank you for your business.

Bud Chamberlain

President

P.S. You could win up to \$1000.00 in Idea Art merchandise just like Desiré Hoolhorst of Horizon Health Systems, first place winner of the Greatest Idea Contest. Turn to page 73 for details.

Quality Recycled Paper from Idea Art

All our products are printed on recycled paper!

We select the highest quality, brightest recycled papers and insist they contain postconsumer fiber. Only when a paper contains postconsumer fiber is it actually helping to reduce landfill waste.

Products printed on Kimberly-Clark's ENVIRONMENT® are 100% recycled with a minimum of 30% postconsumer fiber. Those printed on International Paper's INCENTIVE® are 80% recycled and contain 20% postconsumer fiber. Heavyweight Borders and Mini Certificates contain 30% postconsumer fiber and our Coated Brochures contain 10%.

We print our catalog and products using non-toxic natural soy inks!

Ecologically kind soy inks are wax-free so they resist increases in temperature which enhances their printer compatibility.

Idea Art papers are crafted for compatibility with all kinds of printers!

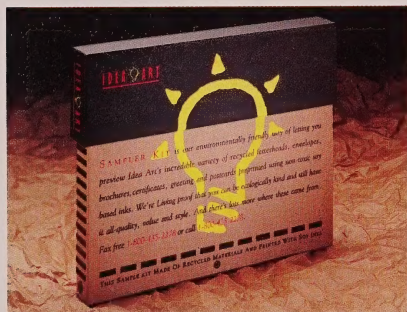

In tests by desktop professionals, commercial printers and novices, our paper lines meet all industry standards and produce excellent results using most sheet-fed printers including typewriters, copiers, laser, ink jet, dot matrix, bubble jet, impact & daisy wheel printers. Offset printing works well too!

TEXT WEIGHTS	BOND EQUIVALENTS
60 LB. Laser Labels, Parchment Certificates, Letter Paper, Newsletters, Gradations	24 LB.
80 LB. Coated Brochures, Mini Certificates, Border Certificates	32 LB.
100 LB. Business Cards, Postcards, Brochures, Tickets, Table Tents	40 LB.

Paper Weights Equivalents

Many of you have asked if our 100 lb. **text weight** brochures are three times as heavy as the 38 lb. **bond weight** brochures offered by other suppliers. Actually, they are 5% heavier. Weights of various grades of paper are determined by total area of the sheet of paper and can be confusing when you are trying to compare the relative thickness of two different grades. This chart illustrates paper weight equivalents, so you can more easily compare these weights.

Coated Brochures

For the sharpest printing results obtainable, Idea Art Coated Brochures represent the next generation in premium printing papers.

Advantages of Coated Brochures!

- More detail in graphics and text.
- Brighter, snappier colors.
- Better printed gloss.
- No glare.
- Superior printed opacity.
- A more professional appearance.
- Prescored for precise folding and less cracking.
- 10% postconsumer fiber.
- 80 lb. text.
- Printed using naturally heat-resistant soy inks

Higher Quality Reproduction!

A satiny matte finish coating makes colors brighter and details sharper. It is porous, not slippery like glossy papers, providing a premium printing surface.

Professional Results!

Idea Art Coated Brochures work beautifully with most desktop printers, commercial or quick printers. For best results, use a fresh toner cartridge. **Not recommended for copiers.**

Easier Layout!

For even easier layout, Coated Brochures are supported by Idea Smart Computer Templates. See page 12.

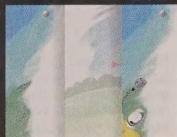

TIP!

Coated Brochures look great in Translucent Envelopes. See page 38.

Brochures

Powerful & Effective

Persuade prospects with your professionalism and style when you convey important information using one of these dynamic Brochures.

Easy-to-use

Simply type text and print. Idea Art Brochures are prescored for precise folding. For exceptionally easy layout, use our new Idea Smart Computer Templates. (See page 12.)

Printer Compatible

Idea Art Brochures are compatible with most copiers and desktop printers.

Environmentally-friendly

Brochures are printed on Kimberly-Clark's ENVIRONMENT® Text which is 100% recycled with 30% postconsumer fibers!

Create self-mailers

Printed on 100 lb. text, Idea Art Brochures make great self-mailers. They also look fantastic in Translucent Envelopes on page 38.

Mix & Match

Our artists have created an impressive portfolio of original designs from which you may choose. Select a design that coordinates with your existing marketing materials or create a whole new look. Many of the Brochures shown here have Matching Sets which you can see on pages 5-11.

*Registered trademark of Kimberly-Clark Corporation.

TIP!

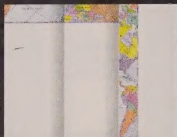

If your laser type cracks under pressure or when you fold the paper, here's an easy solution. After printing, lightly spray your document with aerosol hair spray. Or you can purchase spray fixative at an art supply store.

Flowering Trees

The **White dogwood** (*cornus florida*) has pretty red fruits and good fall color. It grows well in dappled shade, but requires a lot of mulch and water.

The **Kousa dogwood** (*cornus kousa*) blooms a few weeks later than the white dogwood and is more tolerant of heat and drought.

The **Yoshino cherry** (*prunus yedoensis*) grows up to 40 feet tall and produces lacy white blooms.

Big Shade Trees

The **American Yellowwood** (*cladonia lutea*) grows 30 to 50 feet tall and produces wintery-like flowers in the spring.

The **Northern Red Oak** (*quercus rubra*) has dark green leaves that turn bright red in the fall. It has a nice full shape and may grow up to 100 feet tall.

The **Lindled Linden** (*tilia cordata*) grows rapidly reaching 40 to 80 feet in height and 20 to 40 feet in width.

Labels

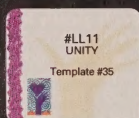

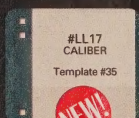

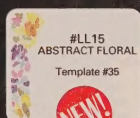

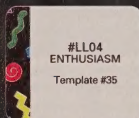

FOR ENVELOPES, PACKAGES, SLIDES, FOLDERS AND PRESENTATIONS

Start making a good impression before they even open your package. Made specially to withstand heat and feed smoothly, our full-color Labels work beautifully in most sheet-fed printers and copiers.

For excellent reproduction and smudge-proof results, Labels are printed on 60 lb. uncoated offset which is bright white with a smooth finish. Labels have self-adhesive backing and are die-cut and perforated for easy separation.

Six 4" x 3 3/8" labels per 8 1/2" x 11" sheet

Great For:

- Presentation materials
- Promotional pieces
- Customized folders
- 9" x 12" envelopes
- Mailing tubes
- Packages

TIP!

For easier addressing, use Idea Smart Computer Templates with full-color Labels. See page 12.

Two-Sided 100% Recycled

Upgrade your image

with top-of-the-line designs printed on Kimberly Clark's ENVIRONMENT 25 Writing.

First-class quality adds impact to business and personal communications.

Watermarked on every sheet and envelope are the words *ENVIRONMENT®-100% RECYCLED* and *25% COTTON*.

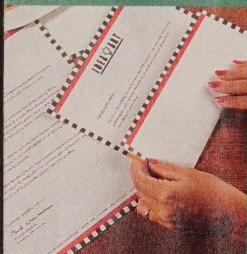

Get professional results using all kinds of printers!

A rich laid texture gives these designs the look and feel of fine stationery.

Ecologically kind, ENVIRONMENT 25 Writing is acid free and 100% recycled with a minimum of 30% postconsumer fibers. The designs are printed using naturally heat-resistant soy inks!

Doubly impressive, the selections on pages 32 and 33 have color on both sides creating a more classy look when paper is folded, or when used for multi-page presentations.

*Registered trademark of Kimberly-Clark Corporation.

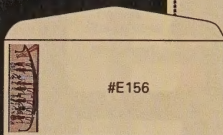

TIP!

Two-Sided Designs make an impressive first impression. They're great for company letterheads, business letters, tri-fold brochures, proposals and presentations.

80% Recycled Designer Papers

Variety

Jump start your communications every day! Our 80% recycled line of Designer Papers includes something for just about every occasion and mood imaginable. Bring your messages to life and they'll be read and remembered!

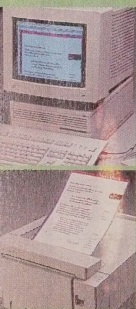

Quality

The designs here and through page 72 are printed on International Paper Company's 24 lb. INCENTIVE® bond which is now 80% recycled and contains 20% postconsumer fiber. You'll love its versatility!

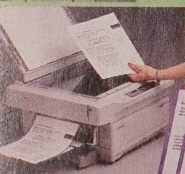

Compatibility

This paper produces excellent results using most sheet-fed printers including typewriters, copiers, laser, ink jet, dot matrix, bubble jet, impact & daisy wheel printers. Offset printing works well too!

INCENTIVE® is a registered trademark of International Paper Company.

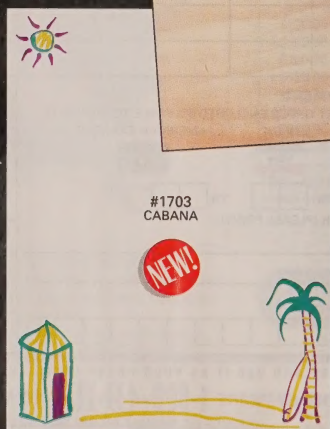

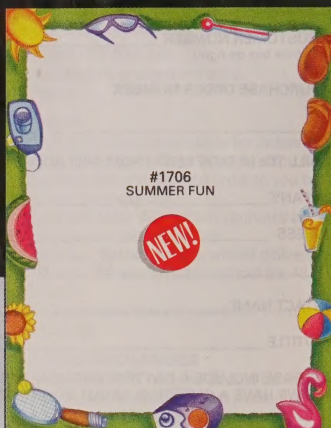

FOR DESKTOP PRINTERS:
Adjust margins to accommodate the masthead or border and type your message. Place Idea Art paper in paper tray and print as usual.

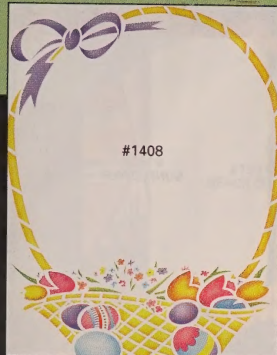

FOR COPIERS:

Print your message on a sheet of plain white paper. Leave margins for the masthead or border. Load Idea Art paper into the paper tray and copy as usual.

REMEMBER to do a test first. Not all printers are created equal. Most produce excellent results, but you should always try a few sample sheets first. If you don't obtain satisfactory results, try a local quick printer.

Laminates cards and papers up to 4" wide.
(8" L x 9 1/2" W x 3 3/4" H)

12" Laminator

Order Item #LX12

Only 254.00

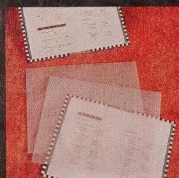

Comprehensive office laminating for cards and papers up to 12" wide.
(9" L x 17 7/16" W x 3 3/4" H)

Long-lasting lamination with minimal effort. Simply slide cards or documents into a pre-sized plastic pouch, place in a coated paper carrier and laminate. For maximum durability, we offer heavy duty 5 mil and 7 mil Laminating Pouches rather than the lightweight 3 mil pouches. Pouches are pre-trimmed for a neater look and minimal waste.

Laminate ID cards, business cards, luggage tags, badges and more.

Laminate charts, regulations, menus, price lists, bulletins, sales materials and more.

- Easy to operate
- Virtually noiseless
- Automatic feed-through
- Upper and lower heating elements
- Maximum temperature stop and thermal protection
- One year warranty

High Impact News

Create 2, 4, or 6 Page Newsletters!

Idea Art Newsletters are 2-sided and come in 8 1/2" x 11" formats for 2 page newsletters, and 17" x 11" formats for 4 page newsletters. Create 6 page newsletters by inserting an 8 1/2" x 11" page into a folded 17" x 11" format.

Convey important news with style and save!

Produce professional newsletters in-house. Simply type text, print and fold. For even easier formatting use Idea Smart Computer Templates! (See page 12.)

Easy and Economical.

Four page newsletters can be printed in-house on almost any copier or printer that takes 11" x 17" sheets. Two page newsletters work with any copier or printer that takes 8 1/2" x 11" sheets. Or you may take your text and paper to your local quick printer.

Newsletters are printed on INCENTIVE™, an 80% recycled 24 lb. bond containing 20% postconsumer fibers.

TAOS MARKETING NEWSLETTER

GREAT JOB JEN!

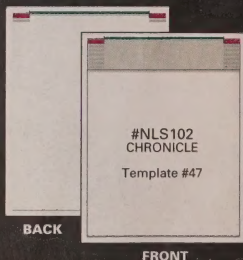

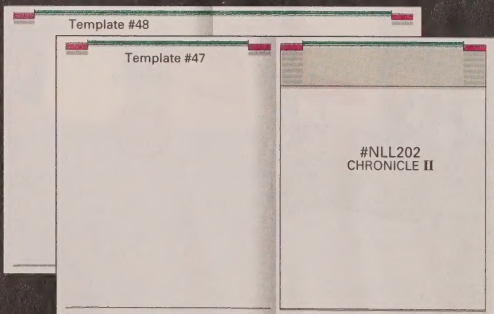

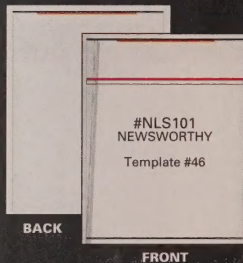

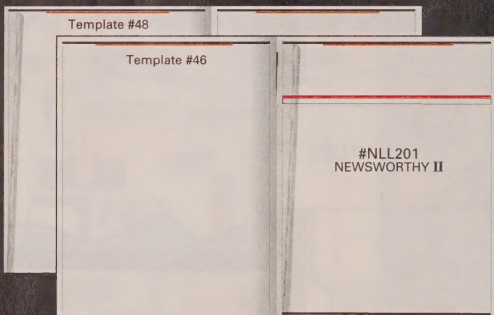

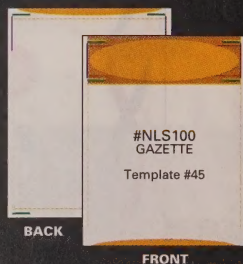

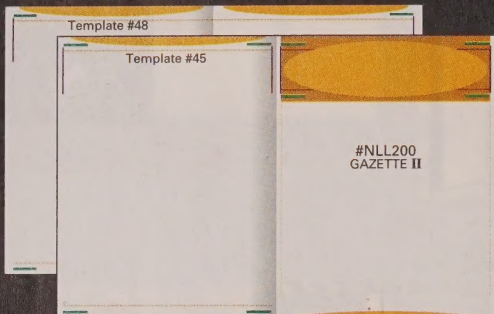

Congratulations to Account Executive Jennifer P. Hamilton, our employee of the month and winner of the Texas marketing Association's Ingenuity Award.

During the last year, Jennifer has developed a marketing program she calls "Newsletters Add Impact." As of the first of the month, all of Jennifer's clients had signed up for the program, as well as almost 95 percent of other Taos clients.

The Texas Marketing Association recognized the program as one of the state's most effective and has asked Jennifer to present her program to college students.

Jennifer explained that newsletters are an incredibly effective way to communicate because they convey your important news with style. Newsletters also allow prospects to digest larger amounts of information than most advertising vehicles. Since newsletters are geared to specific groups rather than general target groups, they foster team spirit in a tangible way.

1ST PLACE

\$1000 in merchandise
Desiré Hoolhorst
Horizon Health Systems

"Every time I get your catalog, I look forward to seeing the new papers, because your designs are more progressive, contemporary and artistic. And the quality of your paper is so much better than that offered by other companies. We always buy recycled, so your recycled papers are a big bonus for us. We are such fans!"

2ND PLACE

\$500 in merchandise
Peggy McAllister
New Hampshire Association of School Principals

"These materials were sent to all members of the Principals Association to promote our 1995 NHASP Annual Conference. We had great attendance at the conference, and many people wanted to know how we produced our materials."

3RD PLACE

Linda Holliday
Amazing Events

"I am so very pleased with your items and service. Your papers have really helped increase my business. I only wish I'd known about your company years ago!"

4TH PLACE

\$200 in merchandise
Bridgette E. Beal
Spoons Restaurants, Inc.
 "When I started here, Cactus Club winners received a letter. I designed a certificate and then found your paper! The restaurants now post each certificate in the store. It's upped the number of winners by increasing enthusiasm for the contest. And the paper makes it look so FUN!"

5TH PLACE

\$100 in merchandise
Marilyn L. Tyler
Arruth Associates, Inc.

"By using your papers, we can produce great looking pieces, and save the company a lot of money. We don't have to use an outside agency much anymore. Idea Art is my life saver!"

HONORABLE MENTIONS...

\$50 in merchandise
J.T. Latschaw, J.T.'S Saloon
Dallice Markfield, Central Indiana Educational Service Center
Susan J. Tripp, Enhanced TeleManagement, Inc.

You too could win up to \$1000.00 in Idea Art products!
 Just show us your creative ideas for using Idea Art products. Go ahead and start entering the next "Greatest Idea" Contest now! Look for contest entry forms in your merchandise packages or call Idea Art and we will send you one. Judging will take place on April 1st.

Certificates

Mini Certificates are an economical and unique way to expand marketing programs and reward high achievers. Much heavier than competitive brands, they provide the durability you need for gift certificates or coupons.

Printer & copier compatible! Simply arrange text, print and separate! Mini Certificates are precision-perforated, so they pass smoothly through desktop printers and copiers, and then easily break apart leaving smooth edges!

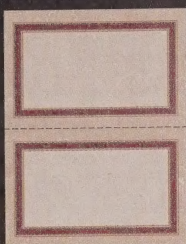

- Gift Certificates • Performance Awards
- Rain Checks • Tickets • Coupons
- Certificates of Completion • Guarantees
- Recognition Awards • Prize Vouchers
- Authorizations • Stock Vouchers • Diplomas

Parchment Certificates

The time-honored way to reward excellence!

For best results have Parchment Certificates imprinted at your local quick printer. Though they work beautifully in some laser printers and copiers, Idea Art cannot guarantee ideal results. Some laser printers and copiers are too hot for gold-embossing.

For an elegant look and extra protection, use heavyweight 9" x 12" Parchment Envelopes. 1.75 each. Order item #CE.

ColorWand™

A handy tool for adding gleaming color foil without using your laser printer or copier!

Fast & Easy!

1. Place a strip of color over the area you wish to color.
2. When the green light comes on, slowly glide the ColorWand™ over the foil.
3. Wait a few seconds and peel off foil.

The ColorWand™ includes everything you need.

- ColorWand heat unit
- Resting nest
- Rubber mat to protect your desk
- Ten 2" x 9" strips of color foil

(Not all sample colors are available. Look above for 16 exciting LaserColor™ foils available through Idea Art.)

Note: The ColorWand does make it fast and easy to apply foil, but you don't have to purchase it if you would rather use your laser printer or copier to affix LaserColor.

A MUST-HAVE ART SET!

CHURCH ART SERIES 14

In this one set, you receive every piece of clip-art that appeared in 1994 issues of *The NEWSLETTER Newsletter*—well over 450 illustrations. Each piece is custom designed for the church. And the set is even more useful because of the full subject index included.

The majority of the illustrations range from approximately 1 1/2" x 1 1/2" to 2" x 3", but we've also included 12 larger images, averaging 4" x 5 1/2", which are suitable for program or bulletin covers. Of course, all the illustrations may be reduced or enlarged on your photocopier to fit your specific needs.

NEVER ENOUGH BORDERS BORDER ART 2

A set of 12 border designs provided in various sizes and formats, including corner pieces, individual boundary strips and complete frames, allows you to use and reuse these borders with a fresh look each time.

Printed in black ink on 24 sheets of glossy white 8 1/2" x 11" paper, this collection features a mix of seasonal and general borders.

Each package also includes tips to help you get the most out of these versatile borders. Use these designs to accent bulletin covers, flyers, newsletter pages, brochures, directories, programs, etc.

SCRIPTURE COVER ART 5

Here's a full year's worth of attractive bulletin cover masters at a fraction of the cost of preprinted covers. You reproduce as few or as many as you need, eliminating waste and a backlog of unused, outdated covers.

There are 62 covers—a different one for each Sunday of the year, as well as special covers for Christmas, Easter and the other days and seasons of the year. You'll also have extra covers for weddings, funerals and special services.

If you prefer, you may receive the full set of cover masters as computerized images on diskette for PC or Macintosh computers. That makes it a snap to add the cover art to your bulletin right on screen. Each cover illustration leaves room on the page to add your church's name and address or a personalized message. *(Must be used with word processing or DTP software.)*

A FINE ART TRADITION

EASTER ART 3

Because Lent and Easter are such important times of the Christian year, they deserve special attention in your church publications. Use this collection of tasteful art to highlight events and worship opportunities from the beginning of Lent to Easter Sunday.

You'll have 16 pages of art that will help people embrace the season. Use the illustrations for all your publishing needs, including the pastor's Easter letter, bulletins, newsletters, flyers, posters, offering envelopes, newspaper ads, and more. And the packet comes complete with layout diagrams, production suggestions and ideas for using the art.

Paper Version

If you're tired of using lifeless, boring artwork that looks as if it's been around for decades, here's a superb series of illustrations that capture the very essence of each Scripture verse they portray.

We've selected 56 timeless messages from the Bible and had our most creative designers produce striking, memorable images like you've never seen before. Vividly rendered in a high-contrasting style, this impressive set will create a dramatic difference in every publication you produce.

COMMUNICATION
RESOURCES

T H E C O L L E C T I O N

Few of us outgrow the pleasure of getting a letter. Even as adults, the first thing many of us do when we get home is check the mailbox.

But unlike the mail of childhood, a lot of our grown-up mail doesn't contain good news. Reading through our daily communications isn't as much fun as it used to be.

Your church, though, still has good news. In fact, it's got *the* Good News. A communiqué from the church should bring a good word – one of hope, encouragement, comfort and joy.

Our mission at Communication Resources is to provide you with materials that make all your church's communications effective bearers of good news.

Of course, there are many more ways to communicate than just by the mailbox. That's why you'll find such a wide variety of resources in these pages. Whether you're communicating through church publications, personal correspondence, preaching, drama, bulletins, posters, special events or any other format, we're here to help your church's message be received as the good news that it is.

That's why we're called Communication Resources.

NEW FOR 1996

Scripture
CoverArt 6

Our reproducible bulletin covers rival the look of preprinted covers, for a fraction of the cost.

(Actually, we think they're better.)

You'll be proud to hand your worship visitors and regular attendees a beautiful custom bulletin that you've created with **Scripture Cover Art 6**. These 58 classic black-and-white bulletin cover designs — a full year's worth — are yours for a fraction of what preprinted bulletin covers cost. Plus, since you reproduce only as many as you need, you'll eliminate waste and avoid a backlog of unused, outdated covers. And you'll always have plenty of covers on hand for unscheduled or specialty services.

There are covers for all the Sundays of the year, including Christmas, Easter and the other important days of the Christian calendar. You'll also have extra covers for weddings, funerals and special services. And each cover illustration leaves room on the page to add your church's name and address or a personalized message.

If you prefer, you may receive the full set of cover masters as computerized images on diskette for PC or Macintosh computer. That makes it a snap to add the cover art to your bulletin right on screen. *(Must be used with word-processing or DTP software.)*

So go ahead — spend less and make your bulletins look better. We certainly won't let anyone know your secret!

ChurchArt Pro: Our top-of-the-li

You'll love the flexibility! Depending on your word processor's capabilities, you can easily stretch, condense, modify, crop and re-size illustrations. You can eliminate captions and add your own, combine images, repeat or "stack" individual designs to achieve a variety of effects and develop coordinated programs.

ne resource for desktop publishers.

Frankly, you'll only want **ChurchArt Pro** if you ... want your church publications to have the highest possible impact, ... aren't satisfied with a publication that looks stuck in the 1980's (or earlier), ... desire to stretch yourself as a designer ... need top-quality clip-art as good as you'll find from any source (not just any church source, *any* source!).

ChurchArt Pro on Disk is our premium monthly subscription service for computerized illustrations. You receive nearly 500 images every year, plus our monthly newsletter written especially for those who use computers to desktop publish their church publications.

We call it **PRO** because this resource is where the professional illustrators and designers in our art department put their reputations on the line. They give you their best design advice and the illustrations that make them especially proud. And they take it personally if anything about **ChurchArt Pro on Disk** is ever less than the professional best it can be.

ChurchArt Pro will help you professionally design your church publications. Every month, your **ChurchArt Pro** issue brings you:

■ **Artwork.** You receive about 40 highly appropriate illustrations for all your church publications that month, complete with a visual index so you can find the piece you want quickly.

■ **Design Tips.** A monthly guide, written by our staff artists, that explains in detail — and with examples — how to improve the layout and design of your newsletter.

■ **New Directions.** A creative makeover of an existing church newsletter. You'll gain new ideas for improving your own publication.

■ **Design Dialog.** A column where we respond to your correspondence, answer your questions and share your ideas with other subscribers.

■ **A monthly cartoon.** Always humor in good taste on some aspect of church life. You'll add a chuckle to your readers' day.

With our exclusive *QuickStart* instructions, customized to your word processor or DTP software, you'll have your first image on the screen in just minutes.

When it comes to the look of your church publications, **ChurchArt Pro on Disk** will help you be a PRO too!

For your convenience, ChurchArt Pro on Disk is a continuous subscription. You may cancel at any time simply by notifying us.

Children's Worship Bulletins

Don't want to buy something before you try it? Now you can try our popular reproducible children's bulletins without obligation to continue receiving them.

Just order a single quarter and see why churches across the nation give them to their children week after week.

These bulletins make worship special for children. Based on the Gospels, our bulletins help kids interact with the Scriptures while enjoying time in worship. Each quarter's bulletins are packed with games, puzzles, pictures, seek-and-finds, dot-to-dots and many more activities to provide pleasurable and biblically sound learning for your church's children. The messages are basic and positive. Four full panels of activities each week help kids learn about Jesus while parents are free to participate fully in worship.

And you'll be pleased with how easy these reproducibles are on your church budget. Not only are they much lower in price than preprinted bulletins to begin with, but because you photocopy only as many as you need, you don't end up with not enough or too many copies.

Available in two age-group versions: 3-6 and 7-12. Select either one or order both so all the kids of your church can enjoy them.

Children's Bible Activity Sheets

We've always sold our popular **Children's Bible Activity Sheets** as a three-year program, but now you can order them for just one quarter and try them – with no commitment to continue receiving them.

Each quarter comes complete with 52 pages of reproducible originals based on stories drawn equally from the Old and New Testaments. There are two activity sheets for each story, one that is very simple for young children and a more challenging one for older children. A quick-read outline included with each story, enables an adult leader to present the story after just a few minutes of preparation. They make it easy for even a last-minute recruit to say, "I can do this."

Most Sunday school children have heard the stories of Noah's ark and Daniel in the lion's den. **Children's Bible Activity Sheets** includes the favorites like these, but also takes them beyond such beginner knowledge of the Bible and helps them learn the lesser-known but equally important stories as well. These activity sheets are great for a regular portion of your Sunday school class, or as backup material for teacher absences. Use them for children's church, a midweek program, as a VBS supplement or as the basis of children's sermons.

POINTS TO CONSIDER:

* A double portion didn't mean that Elisha wanted twice the power that Elijah had. It was a reference to the law of the firstborn (Deuteronomy 21:15-17). The firstborn child received two parts of an inheritance as opposed to the other children's one part. The rule in his father's house (2 Chronicles 21:3), having the respect of his brothers. When he asked for the two parts, he was really asking to be Elijah's successor.

Elisha the Prophet

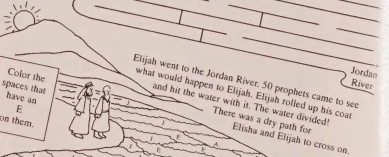

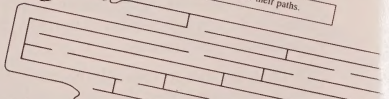

- I. God chose Elisha to be Elijah's successor.
- II. Elijah told Elisha to remain in Gilgal. A. Elisha insisted on staying with Elijah. B. Elisha's prophets asked Elisha if he knew God would take Elijah that day. Elisha knew.
- III. Elisha told Elisha to remain in Bethel. A. Elisha insisted on staying with Elijah. B. Elisha's prophets asked Elisha if he knew God would take Elijah that day. Elisha knew.
- IV. Elisha told Elisha to remain in Jericho. A. Elisha insisted on staying with Elijah. B. Elisha's prophets asked Elisha if he knew God would take Elijah that day. Elisha knew.

ELISHA THE PROPHET

God chose Elisha to help Elijah and to do his work when he was gone. Elisha would not leave Elijah's side. He kept following him.

Follow their paths.

Color the spaces that have an E on them.

Elijah went to the Jordan River. 50 prophets came to see what would happen to Elisha. Elisha rolled up his coat and hit the water with it. The water divided! There was a dry path for Elisha and Elijah to cross on.

Old Testament Lesson #111

CHILDREN'S BIBLE ACTIVITY SHEETS STORY GUIDE

ELISHA THE PROPHET: 2 Kings 2:1-12

God had chosen Elisha to help the prophet Elijah and to carry on his work when Elijah was gone.

One day, Elijah and Elisha were leaving Gilgal. Elijah told Elisha to stay there because God wanted Elijah at Bethel. Elisha knew that God would soon take Elijah away. So he answered, "I will not leave you."

At Bethel, some prophets asked Elisha if he knew that God would take Elijah that day. Elisha replied that he knew and told them not to talk about it.

Then Elijah told Elisha to stay at Bethel because the LORD had called him to Jericho. Once again, Elisha replied that he wouldn't leave him.

At Jericho, some prophets asked Elisha if he knew that God would take away his master's spirit. Elisha responded the same as in Bethel.

Then Elijah told Elisha that the LORD had called him to the Jordan River, and when he got there, he would be taken. Elisha refused to stay behind, they walked on. Fifty prophets came to see what would happen. They saw Elijah take his cloak, roll it up, and strike the water with it. The water divided and the two men crossed on dry ground.

Then Elijah asked Elisha what he would do for him before he was taken. Elisha asked for a double portion of Elijah's spirit. Elisha told him that if he saw Elijah taken away, God would grant what he had asked for.

As they walked on, a chariot and horses of fire appeared to them. Elisha knew that because he had seen Elijah taken, he would have the double portion of Elijah's spirit.

CROSS POINT SCRIPTS

13250 THE APPOINTMENT by Dave McClellan

Purpose: This sketch probes the implications of grace on a prayer/devotion life. Barry doesn't feel he's worthy to approach God unless he's living in a way that makes him feel alright about himself. He can't seem to approach God as a failure. Ironically, that's the only way he can approach him.

Time: 4-5 minutes

Characters: Barry — typical well-meaning Christian who feels like a spiritual slouch
Secretary — pleasant, inviting, but still businesslike

Props: 1) Small desk
2) Phone
3) Waiting room chairs (optional)

Lighting: General stage

Sound: One wireless for Barry, table microphone can fit on desk

Scene opens on office. Secretary is shuffling papers. Barry sheepishly and looks around.

Secretary: Excuse me, can I help you find something?

Barry: Oh, I don't know I was just kind of looking around

Secretary: Looking for what?

Barry: Well, I'm not sure I mean, the Lord, I guess.

Secretary: You'd like to meet with the Lord?

CROSS POINT SCRIPTS

13230 IN A MOUSE'S MIND by Dave McClellan

Purpose: Does God really exist or is the concept just a grand but impractical fulfillment? Is he an infinite personal God or just a piece of philosophical subject a little more palatable by placing the whole in a mouse hole.

Time: 8 minutes

Characters: Melvin — the searching and inquisitive mouse
Herman — the skeptical and agnostic mouse
Off-stage voice of farmer

Props: Mouse costumes, or at least Mickey Mouse ears for each.
Bag of Nacho Cheese Doritos
Mouse living room setting (couch, chair, coffee table)
Assorted cheese chunks on coffee table

Lighting: General Stage. Lights go out and stay out during last lines from off stage mike.

Sound: One off-stage mike for last line.

Scene opens on two mice. That's right. Two mice. They are dressed in gray or brown and could have Mickey Mouse ears. Although certain aspects of this sketch are unapologetically comic, there's an underlying serious point that is accommodated by the levity. Scene commences with Herman and Melvin stretched out on a couch eating Nacho Cheese Doritos.

Melvin: Somethin' tastes funny with these things. Here try one.

12610 Focus on Friendship with Comedy. *A Friend in Need is a Friend Like Me* portrays three couples who feel the other two have the "real" friendship and they're the odd couple out. A comic look at how we all feel excluded.

Time: 7 minutes Cast: 6 Tone: L

13230 Versatile Script for Both Believers and Seekers. *In a Mouse's Mind* focuses on two country mice discussing whether the "famer" really exists in a dialogue paralleling the evidence of God's existence. Some great thoughts for the seeker and believer alike!

Time: 8 minutes Cast: 2 Tone: L

13250 Illustrate the Importance of Consistent Worship. *The Appointment* visits Barry, a struggling Christian, as he makes an "appointment" with God and then cancels — thinking if he takes some time to work on it, he'll be a better Christian. A thoughtful, poignant piece.

Time: 7 minutes Cast: 2 Tone: M

12420 Reach Cynical Audiences. *The Grouch Who Stole Heaven* emphasizes that although we may parrot back truth about God's love, forgiveness, grace and generosity, many of us actually live as if he were a celestial tyrant, barely tolerating his blundering followers.

Time: 7 minutes Cast: 4 Tone: M

11310 Perfect for Just Marrieds or Golden Anniversaries. *For Better or Worse* takes a humorous look at the unconscious expectations typically harbored by a bride and groom on their wedding day. The minister reads the traditional vows — the audience hears what the couple is really thinking.

Time: 5 minutes Cast: 3 Tone: L

12260 Thrill Audiences with a Mystery! *Mystery Ministry* joins two friends as they talk about the "perfect" ministry opportunity and discover there isn't one. A slightly sarcastic poke at the well-intentioned pew sitter.

Time: 6 minutes Cast: 2 Tone: M

13260 Reiterate the Power of Prayer. In *The Date*, a man treats his date the same way he treats God in prayer. The sketch demonstrates what happens when the act of prayer becomes more important than the Person of prayer.

Time: 6 minutes Cast: 2 Tone: M

11240 Help Couples Cherish Their Relationship. *Love is a Cliché* joins Don and Pam as they discuss the ups and downs of relationships using only lyrics of songs. Eventually, the two learn what will make their relationship last.

Time: 6 minutes Cast: 2

Tone: L

12250 Deal with Tragedy Issues. *The Unexpected Call* is a sketch that has a friend comforting Julie, a single mother, as her child lies critically ill in a hospital emergency room. Julie's emotions run the gamut as she searches for hope.

Time: 5 minutes Cast: 2 Tone: S

13340 Teach Truth. *The Tainted Courage of Sue Malone* focuses on a working woman who feels she deserves a raise. A supportive husband urges her on and builds her confidence. When she meets with her boss, he immediately grants all of her demands. Upon returning home, Sue stretches the truth as she tells her version of the story.

Time: 7 minutes Cast: 3 Tone: L

16310 Strike a Balance. *One More Plate* demonstrates one man's frustration trying to prioritize his life. He finds that keeping each aspect of his life going is kind of like spinning plates in the air. He turns to the church for help only to find another plate added to his collection.

Time: 5 minutes Cast: 3

Tone: L

15430 Examine Prayer A Prayer By the Book discusses the balance between discipline and desire as it relates to prayers. A limerick follows the main character as she learns to pray effectively. She soon discovers that praying is simply talking and communing with God.

Condolence to bereaved at Christmas

City, State ZIP

Dear Name,

While taking part in our preparations for all the joyous special services and events of the Christmas season, my mind and heart go out to you because I cannot forget this will be your first Christmas without your beloved Stephen. The grief you are experiencing is hard to bear at any time. At Christmas, it is likely to be wrenching.

Please remember that your church and pastor are sharing your grief. We are with you, available to you, anxious to help lighten your load. According to Matthew's Gospel (1:23), the prophet applies the name EMANU-EL ("God with us") to the little boy who would be born on that first Christmas day. Let this letter be a loving reminder to you that God is with us, especially with those who mourn -- "that they may be comforted" (Matthew 5:4).

Help us, please, to help you find comfort during this season of joy which God has sanctified for us by the gift of the Christ child. May you be filled with faith and hope even in the midst of inescapable grief. This is the prayer of your pastor and friend.

With my prayers,

Advent

Prayers of Confession

1 Holy God, there is no stopping us now. There is so much to do before Christmas and we are on the move. We are making our lists and checking them twice. We hear "The Twelve Days of Christmas" and pray we'll have twice as many. We are looking for the bright lights and dreaming of a white Christmas. We see sugar plums, red-nosed reindeer, twinkling lights and mistletoe in every store window.

Holy God, this season can be such a jumble and rush. Through it all, in it all and in spite of it all, restore the sense of whom we are waiting for. Let us get ready our hearts as well as our homes to receive the Savior of the world. Amen.

2 God of star and sign, lead us into the depths of mystery. Guide us in the way of forgiveness and place in us songs of joy.

God of the journey and God of this holy place, walk with us in times of trouble, hold us when we tremble and cry, and be with us when we face our darkness. Dwell with us in the holiness of this moment. In the name of the Babe of Bethlehem. Amen

3 How hard it is to wait for you, O God. We long for the stillness of a holy night; we eagerly want to feel again the radiant joy of your birth. And, we want peace on earth and peace in our families to last for longer than a day.

We look forward to your coming, yet dread it at the same time, for there is much that fades under your glance. We have harbored resentments, cherished possessions, ignored others, defended our errors.

Tender God, may your coming through Jesus bring a lasting joy and a reformed life. Teach us to wait hopefully and expectantly. Amen.

4 Ever-present God, in the darkness of Mary's womb, the holy Child grows. In the darkness of the world's pain, the blessed light begins to kindle. In the darkness of our own doubting of you and our lack of faith in ourselves, the great hope begins to rise again like a lump in the throat. Christ will be born again into our world and into us.

O God, forgive the times we look with a cynical eye on the advent of peace in our world. Forgive us for doubting the light you have placed within each of us. Forgive us for ignoring the lump in our throats and the wonder of your love for us. With the birth of the Christ Child, let your forgiveness cleanse the darkness of our inner selves. And let the love of Christ shine in us like a star. Amen.

The Complete Worship Planning Package

Today's worshippers won't tolerate mind-dulling services and sermons that don't connect with their lives. And you, as their pastor, work hard to make sure services and sermons are compelling and poignant. But that's hard work. Here's help ... the perfect sermon and worship service preparation tools – *HOMILETICS* and *The SourceBook of Worship Resources*.

No "canned" sermons

If you're looking for ready-made sermons, you'll need to look elsewhere, but if you want thought-provoking help with your own sermons, then you'll value the *HOMILETICS* volume. It's a comprehensive sermon-preparation tool that brings fresh thematic suggestions, insightful commentary and powerful illustrations. It will help you make every Sunday's sermon prophetic, compelling and helpful.

services the absolute best they can be.

The **Worship Planning Package** arrives with the current issue of *HOMILETICS* enclosed in a binder, and we ship the next three quarterly issues to you as they are published.

A comprehensive collection

HOMILETICS is based on the widely used *Revised Common Lectionary*, but because it deals with major issues of life from a well-formed biblical base, it's also a great resource for preachers who don't tie their sermons to the lectionary. It's written by Dr. Leonard Sweet, one of the major interpreters of life and faith today.

From prayers to benedictions

In the companion volume, *The SourceBook of Worship Resources*, you'll find calls to worship, invocations, prayers of confession, litanies, general prayers, affirmations, benedictions and other liturgies – all written in today's vocabulary to help worshippers encounter God in the service. Also included: a generous collection of relevant pastoral prayers to use as the foundation of your own.

The full text of both *The SourceBook of Worship Resources* and each issue of *HOMILETICS* comes both in print and on PC diskette and will work with any PC-based word-processing software or any Macintosh system 7.0 or later.

Paper Shells

Your important messages deserve a powerful presentation. But if you're still publishing inserts and flyers on plain paper, you're missing an opportunity for greater impact. Today's audiences respond significantly better to printed matter that sparkles with the color design and professional look our new **Paper Shells** supply. Now you can transform dull-looking, drab bulletins and flyers (printed on whatever you have left over in the copier room) into "want-to-read" messages.

And it's really easy to do. Just create the document on your computer and run the **Paper Shells** custom sheets directly through your laser, ink jet, or bubble jet printer, or use your copier. You'll never hear "I didn't see that announcement" again. **Paper Shells** will help your message to be read and remembered.

These colorful preprinted papers work great for everything from advertising your next musical event to announcing vacation Bible school. Use **Paper Shells** for – announcements, posters, self-mailers, letterhead, invitations, bulletins and newsletter inserts – and whatever else your imagination comes up with! You can even combine the **Paper Shells** to create your own mini-advertising campaign to promote a special event.

These color charged papers come in six distinct designs and two convenient sizes. Our bulletin insert designs (5½" x 8½") come two to a sheet and are micro-perfed for easy separation (80 inserts per pack). Our new flyer designs come in a standard 8½" x 11" size (40 flyers per pack).

ChurchArt Series 15

When customers like you find one of our products so useful that you ask for it again and again, we do everything we can to deliver. Our ChurchArt Series has been a favorite of customers for years and we think this latest edition is certainly one of our best efforts.

With this ChurchArt Series set you'll receive every single piece of clip-art – that's well over 450 illustrations – that appeared in the 1995 issue of our cornerstone product, *The NEWSLETTER Newsletter*. The artwork is distinct and custom-designed for the church. These are images we know you'll turn to time and time

again to communicate the good news at your church. And a full subject index included with your order makes accessing the images easy.

The majority of the illustrations range in size from approximately 1½" x 1½" to 2" x 3", but we've also included 12 large images averaging 4" x 5½", that are suitable for program or bulletin covers. Of course, all the illustrations may be reduced or enlarged on your photocopier to fit your specific designing needs.

The NEWSLETTER Newsletter was our first

The NEWSLETTER Newsletter is our cornerstone product — the one publication that built our entire company. That's why, for 17 years, church leaders everywhere have relied on this monthly publication to help their own newsletters be the absolute best they can be. And as publication methods moved from mimeos and typewriters to photocopiers and desktop publishing, The NEWSLETTER Newsletter has always been there for church editors. That's why it's our first priority to keep the newsletter first in its field. Now you can benefit from this great publication, too — and at a special discount.

Look what it brings you every month:

The best artwork at the right time. Each month you receive four full pages of professional clip-art for the church — a blend of sacred and light illustrations appropriate for the events of that month and ongoing emphases of the church. **Nearly 40 different pieces of new artwork each issue!** Plus monthly cartoons you can reproduce in your newsletter.

"Insider" techniques to help you get extra mileage out of your clip-art. Our artists share quick tips for versatile use of the art. Concise help to build your publishing skills and know-how. How-to articles, including examples, give practical help for improving the layout, writing, design, editing, printing and mailing of your newsletter.

Examples of how you can improve the look of your newsletter. An exemplary church newsletter

is reviewed each issue, providing creative ideas you can use to improve your own.

Ways to involve children. In every issue, we give you a "Kids' Page" with puzzles, games and activities you may reproduce in your own newsletter to attract younger readers.

Filler material to make your editing job easier. Editorial shorts and fillers based on church life you can use as they are or adapt to fit your own situation.

Words to welcome visitors to your services. Brief welcome messages for your worship bulletins to make newcomers feel at home in your services.

Answers to your publishing questions. The "Newsletter Doctor" is a column where your specific questions about newsletter publishing are answered by The NEWSLETTER Newsletter staff.

And much more!

And here's a great reason to subscribe or renew your subscription TODAY: When you do, we'll take 15% off the price of your entire order from this catalog — including The NEWSLETTER Newsletter.

Our Layout Forms help you eliminate "crooked" headlines and columns forever!

Layout Forms

Say goodbye to the "slap-down-and-hope-for-the-best" method of paste-up. With our **Layout Forms** you'll lay out your pages just as quickly ... and accurately. All your art, text, graphics and photos will be perfectly aligned to ensure professional-looking paste-ups. Even in the computer age, our staff artists at Communication Resources keep a ready supply of **Layout Forms** on hand for a variety of tasks.

Printed in nonphoto blue ink that you see (but the copier, stencil scanner and offset camera doesn't), these forms provide automatic margins, columns, alleys, gutters and center lines – whether you use them horizontally or vertically. Available in three handy sizes.

Picture perfect! PhotoScreens make publications with photos possible.

(Say *that* five times fast!)

Tired of trying to photocopy photographs only to end up with black blobs? Eliminate this annoying problem with our **PhotoScreens**. Because photos "see" everything as either black or white, photos normally reproduce poorly – faces usually turn into black shadows or fade into the background. But by simply placing one of the white-dot **PhotoScreens** from this set between the copier glass and your photo, you'll get newspaper-quality photos!

PhotoScreens are also useful for breaking up large areas of solid black in clip-art, charts or other graphics. (You won't use up the toner in your copier as fast, either.) The screens work with all photocopiers and even with electronic stencil scanners.

The set includes two screens about 9" x 13" – one coarse and one fine – to give you the best possible results. The two sizes are especially handy when reducing or enlarging photos while copying them. Made of durable acetate, **PhotoScreens** will last for years. Directions for use included with each set.

Wafer Seals make every newsletter an easy-opener.

Wafer Seals

Avoid frustrating your readers with newsletters and other self-mailers they have to practically destroy to open. Instead of stapling your issues closed, fasten them shut with easy-to-use white **Wafer Seals**. Documents of any kind fastened with **Wafer Seals** allow recipients to open them right away. Thus, you've removed a major obstacle to getting your newsletter read.

And you won't have to deal with staples that refuse to penetrate a multi-page issue ... or waste time fussing with a jammed stapler. These are the same pressure-sensitive, self-adhesive seals used by large commercial mailers. They will also help you meet the U.S. Postal Service's requirements to receive automation-rate discounts on your bulk mailings. In quantities of 5,000.

Wafer Seals:

- are easy to use
- seal the bulkiest newsletters
- meet postal regulations
- enhance the look of your publication
- won't frustrate your readers (or you!)
- come in a convenient dispenser box
- are also useful for labeling

Clear Wafer Seals

These are just the thing if your newsletter is heavily designed or has copy near the folds. Totally transparent, **Clear Wafer Seals** won't compete with other elements on your folded page and won't cover text. And they're perforated for even easier opening! In quantities of 3,000.

The artist's tools no church office should be without.

Roller Burnisher

A must-have companion to the Adhesive Wax Stick sold below. After you have all the page elements positioned exactly, roll this burnisher over your layout for firm adherence and to help eliminate cut-line shadows. The 3" clear Lucite roller allows you to apply pressure without damaging or smearing originals.

Order Code RB \$8.95 each

Adhesive Wax Stick

Wax is the absolute best way to attach clip-art, text and other elements to your layout because you can place and reposition artwork again and again – until you get it exactly where you want it. Plus, wax won't wrinkle the paper and it's mess-free. Our turn-adjustable Adhesive Wax Sticks won't harden and dry out like glue sticks. You'll be able to use it right to the last dab. And there's no heating ... apply directly from the tube!

Capture the essence of

**Available in
paper, diskette &
CD versions!**

This set includes 56 uniquely illustrated Bible verses that vividly enhance the power of the Scripture messages. Designed to catch the eye of today's tough audiences, this art will boost the communicating impact of all your church publications.

Scripture Clips

Powerful, beautifully designed images – **Scripture Clips** are the ideal coupling of words and pictures. These thought-provoking images perfectly capture every Scripture verse they portray.

We've commissioned our premier artists to create these 56 timeless images from the Bible. Unique and distinct, these handsome pieces of original artwork will create a dramatic difference in every publication you produce.

Scripture Clips are easy to use and extremely versatile. Use these powerful graphics to illustrate your newsletters, brochures and stationery. Or enlarge them to create flyers, bulletin covers and posters.

Since **Scripture Clips** is available both as a paper set and on disk or CD-ROM for your computer, you can get the version that best fits the way you work. Naturally, with the paper version, you can reduce or enlarge the images on

your photocopier. For added convenience, order either the disk or CD-ROM version. Because the images are stored in vector format, you can re-size them without the slightest loss of resolution in your word-processing or desktop publishing program. And you won't get any ugly stair-stepping either.

Computer versions include the paper set along with all 56 designs in vector format for PC-Windows or Macintosh.

(PC version requires Windows-based word-processing or DTP program.)
